

Request for Subdivision Review

Wyoming state statute 18-5-306 (b) requires local conservation districts to review and make recommendations regarding soil suitability, erosion control, sedimentation and flooding problems.

All Applicants

Sublette County Conservation District's (SCCD) application fee for this review is \$150 for a minor subdivision, or \$300.00 for a major subdivision.

_____ initials
Requests submitted during snow season may be held up until a soils evaluation can be done.

Applicant Options

1. If the applicant desires the SCCD to coordinate data collection and prepare the report, the SCCD fees are for a minor subdivision \$7.50/acre with a \$350 minimum. The fee for a major subdivision is \$15.00/acre with a \$700.00 minimum. (This is in addition to application fee).
2. Applicant may hire a registered professional to prepare the report addressing the above requirements. (Please Note: completed report, must be submitted to the SCCD Board for final review). Application fee still applies.

Applicant, please complete the following (please print):

I, _____ hereby request review of the following proposed subdivision:

Name of Proposed Subdivision: _____

Legal Description: _____

_____ Total Number of Acres to be subdivided into _____ lots

Applicants Mailing Address: _____

Applicants Phone Number: _____

Check one below:

- I request the SCCD coordinate the data collection and prepare the report. I agree to pay the application and associated acreage fee.
- I will arrange for registered professional services to prepare the report. I agree to pay the application fee.
