If you have questions regarding the use of any SCCD equipment please give us a call to discuss.

Equipment Use Requirements

What Does it Take to Utilize SCCD Equipment?

In order to use the Sublette County Conservation District equipment, the user must agree to the following:

- a) Thoroughly clean the Equipment when finished using it.
- b) Read, agree to the terms, and sign the Use Agreement, Equipment Use Waiver, Release and Indemnification.
- c) Procure a valid Certificate of Insurance for general liability that covers the use of the Equipment, in the amount of five hundred thousand dollars (\$500,000.00), and which names the Sublette county Conservation District as an additional insured party.
- d) Submit the original signed: Use Agreement, Equipment Use Waiver, Release and Indemnification; and Certificate of Insurance to the Sublette County Conservation District Office before you can borrow the Equipment.
- e) Before taking the Equipment, check it against each Equipment list and verify that the listed Equipment is all there and in good working order.
- f) Return all of the Equipment in good working order, minus normal wear and tear.
- g) Pay for all necessary repairs for any damage incurred during the use of the Equipment.
